

Tenure-Track Assistant Professor of Chemistry
University of South Alabama

The Department of Chemistry at the University of South Alabama (USA) invites applications for a full-time (9 month) tenure-track Assistant Professor position to begin August 15, 2025. The successful candidate must have a Ph.D. in Chemistry or closely-related discipline. Preference will be given to candidates with a research background in Biochemistry, broadly defined, who are able to teach Biochemistry and Organic Chemistry lectures and labs at the undergraduate level. Expectations for this position include teaching, research, service, and student advising. Development of a vigorous research program involving undergraduate students with a goal of external support is expected. The successful candidate must be able to work legally in the United States without visa sponsorship.

The University of South Alabama is a comprehensive, public institution of approximately 14,000 students located on the Gulf Coast in Mobile, Alabama. The Department i(c)(h)on of B
